Grades K - 5

8:30 am - 3:30 pm

Audubon Members \$60/day

Non-members \$65/day

## Winter Wildcrafting

Tuesday, February 28

Join us for a day of craft-making fun! Construct wildlife prints, mobiles, cordage bracelets, and so much more! Use your creations for gifts or decorations at home. We'll make art outside in the snow and spend time crafting inside by the wood stove, too!

## Forts and Fires

Wednesday, March 1

Do you like to build forts? Do you think there is nothing better than a roasted marshmallow? This day is for you! Join us for an exciting day building winter shelters for fun and survival (but mostly fun). Afterwards, we'll gather wood and discover the tricks to building a safe and successful campfire. And of course, we will end the day with s'mores!

## Bird-Friendly Maple Sugaring

Friday, March 3

Tap trees, collect the sap, and see first-hand how an evaporator works. Audubon's sugarbush offers great places for birds to forage, hide, and raise young. We'll discover why it's important to practice Bird-friendly Maple Sugaring. Don't forget to bring your sweet tooth, since we'll wrap up this busy day with a syrup taste test!

255 Sherman Hollow Road, Huntington, VT 05462
